IMPORTANT! PLEASE READ BEFORE ORDERING

Allergies and special dietary requirements are taken very seriously at Franco Manca. We work closely with our suppliers to ensure that our information is correct and customers with allergies feel reassured that we will look after their needs properly.

We therefore ask that you inform your waiter before ordering of any special dietary requirements that you may have.

Our recipe information is frequently updated so please check each time you visit to ensure that you have the most up to date recipes.

Whilst every care is taken with your meal, we cannot guarantee a 100% allergen free environment, nor can we guarantee against the processes used by our suppliers or products which may be produced in an environment with other allergens. Where an allergen ingredient is included as part of the recipe, this will be specified and indicated by a tick, however it is possible that dishes may contain traces of other allergens not included on the main ingredients list. Please ask to speak with a Manager for more information.

GLUTEN FREE	Do you do gluten free pizzas?	Yes! We have Gluten Free bases available, however as the pizza will be sharing the oven with our sourdough in our busy pizzeria, we cannot guarantee the complete absence of flour. Also please note NOT all ingredients are gluten free.
	Is your GF base made of sourdough or different dough?	Our gluten free base is not sourdough, but our customers still love it! The main ingredients are: water, corn starch, rice flour, potato starch, sunflower oil and fresh yeast
	Is your gluten free pizza suitable for coeliacs?	Unfortunately not. We have controls in place, however due to the airborne flour particles within our kitchen, we cannot guarantee the complete absence of gluten in the finished product.
ALLERGY	I have a food allergy. Can I eat in your restaurant?	Please ensure you notify your server of any allergies when ordering. Our teams will communicate your needs to our Pizzaioli who will take steps to reduce the chance of contamination, including using dedicated ingredients, thorough handwashing, cleaning of the preparation area and equipment.
	Do you have an allergen menu/list? How can the allergen information for the daily specials be found?	Yes, you can find our allergen menu on our website and a copy is available in all our pizzerias. All of our daily specials are included in this allergen list, just ask your server when ordering and we will provide you a copy. Or for takeaway, find out via our QR code stickers on all takeaway packaging.
	Is there any garlic or onion in your tomato sauce?	No, just organic tomatoes and a little sea salt. Nothing else.
	I saw that you handle nuts in your pizzeria and in your ovens, can I eat safely with a nut allergy?	While we take every precaution when preparing food for someone with an allergy, there is always a risk of cross contamination as we handle nut products in our pizzeria. We cannot 100% guarantee no contamination from nut products.
CHEESES	Are your cheeses pasteurised?	All our cheeses are pasteurised. Please always check with your server when ordering as some products might change.
	Are your cheeses vegetarian?	Some are and some not. We have cheeses made with veg rennet and meat rennet. Please always check with your server when ordering as some products might change.
HALAL	Are your meats halal?	We serve free range chicken which is halal. We also have certificates for this if you wish to see them.
DOUGH/YEAST	Do you add or use yeast in your dough?	We only use natural mother yeast which is over 200 years old.
	Can I have some of your dough/mother yeast?	Unfortunately we are not allowed to give this out for health & safety reasons. It's also our special secret recipe.

NUTRITIONAL INFORMATION	Where can I find the nutritional information on your menu?	We have our nutritional information available online or on our main menu.
CALORIE CONTENT	Why don't you provide calorie information for everything you sell or offer?	We do not need to provide calorie information for the following: -Specials, or dishes on the menu for less than 30 days over the course of a year -Condiments provided for the customers to add to their food (chilli & garlic oil and black pepper) -Drinks containing more than 1.2% abv (this applies to all our alcoholic drinks) -Where a customer has amended or altered a dish to their unique requirements (eg. added or removed toppings).
	How many calories are in a pizza if I swap the sourdough base to a GF base?	You can work that out by calculating the following: Our Sourdough base has 518 kcal and our GF base has 571 kcal. This means if you swap to a GF base the calorie content is increased by 53kcal.
GIFT CARDS	Do you sell gifts cards?	Yes! You can buy Franco Manca gift cards in all our pizzerias or online. Minimum value is £10 and you can find all of the info on our website.
FRANCO MANCA APP	What is the Franco Manca App?	Our Franco Manca App is free to use and available to download on any smartphone. It works like a loyalty card - come and visit us 6 times and get a pizza on the house! Students get a bonus 2 Stamps so they only need to visit 4 times to receive a free pizza. You can also use it to order Click & Collect from any of our pizzerias.
FRANCO AT HOME	Do you sell any products to take home?	We have available in all of our pizzeria - Franco's Chilli Oil, Garlic Oil, and Franco Manca Flour for you to buy and use at home.
	Can I make a Franco Manca Pizza at home?	Yes! We have a Franco Manca Cookbook available on Amazon, so you can make your own from scratch OR you could buy one (or more!) of our range of Cook at Home pizzas which are available in selected UK supermarkets.
MASTERCLASS	Do you run pizza masterclasses?	Yes! Please check our website for more information.
